Big Singing Held Here Last Sunday

By far the biggest Sacred Harp singing held in this section in many years, and one which rivaled a County Convention in attendance and line singing, was held at the courthouse in Elba on last Sunday. Singers and visitors from every section of the county as well as many from adjoining counties were here to take part in the singing. The local society had made every preparation for the comfort and pleasure of the visitors, and all expressed themselves in complimentary terms of the hospitality extended by members of the singing society and also the people of the town generally. Following is the secretary's minutes of the day's sing:

The chairman opened the song service by singing No. 263, after which prayer was offered by F. G. B. Maddox. The chairman then appointed Bro. Maddox to sing the introductory lesson, and this he did. Then the officers for the day were elected. A motion was made for the regular officers of our society to serve for the day and this was carried. Chairman B. L. Bryant then sang No. 258.

Committee reported a lesson by four, three songs each: E. E. Donaldson, W. J. Martin, J. L. Marler and W. J. Wilkes. Recess 10 minutes. House called to order by chairman singing No. 63. Committee reported a lesson by four, three songs each: Jeff C. Donaldson, G. L. Beck, A. B. Wise and B. W. Smith. Recess 10 minutes. House called to order by chairman singing No. 83. Committee reported a lesson by three, three songs each: D. G. Wood, A. E. Parker and W. P. Whitehead. Recess 10 minutes. House called to order by chairman singing No. 90. Committee reported a lesson by four, three songs each: H. A. King, M. W. Helms, S. N. Rowe and J. C. Parkes. Dr. Braswell then made a short but interesting talk that was very much enjoyed by all present. We were then dismissed for one hour for dinner.

Afternoon Session.
House called to order by the chairman singing No. 497. Committee reported a lesson by the following: C. E. Taylor, E. F. Price and W. A. A. Helms. Recess 10 minutes. House called to order by chairman singing No. 422. Committee reported a lesson by four, three songs each: E. L. Bryant, J. W. Johnson, W. J. C. Davis and Solicitor R. H. Jones. Recess 10 minutes. House called to order by chairman singing No. 346. Committee reported a lesson by four three songs each: B. W. Strickland, T. F. Wilkins, J. W. B. Amos and W. C. Barr. Recess 10 minutes. House called to order by chairman singing No. 60. Committee reported a lesson by four, three songs each: C. L. Rowe, W. C. Dubose, M. A. Helms and J. W. Grimes. The following resolutions were then read by Mr. A. B. Wise and same was adopted:

Whereas, the people of Elba and surrounding communities have met and enjoyed this another day in singing songs of praise to our maker, and where as every one enjoyed it so much,

Therefore be it resolved, that we hereby tender our heartfelt thanks to the people of Elba and others who helped for this kind hospitality shown us while in their midst and especially the ladies for the bountiful dinner served us at the noon hour. May God's richest blessings rest on them. And may we be blessed with many more such days and when it is ours to meet no more here to sing God's praises may we meet on yonder shore where singing never breaks up. W. J. COTTER, Sec'y.

Town Has Disinfectant For Fighting Mosquitoes

The Town of Elba has received and is now ready to give out free of charge a large quantity of disinfectant to be used in the campaign which is being waged against mosquitoes in the town. This disinfectant can be secured by all citizens who desire to use it, by calling at the store of H. J. Clark and bringing a vessel to put it in. There are numerous schemes on foot to divert the minds of the people from the real facts and issues in the campaign, but we believe when the people consider the facts and go to the polls on next Tuesday, to cast their ballots they will do so without prejudice and with the best interest of the county at heart. Consider carefully the following points in his platform:

Near Race Riot Follows Killing of Macon Officer

Macon, Ga., July 29.—Spasmodic firing at negroes and a search by hundreds of persons headed by sheriff's deputies for "Cockey" Glover, a negro, followed the killing of Walter C. Byrd, a deputy sheriff and the wounding of three negroes here tonight in a shooting affair in a negro pool room. The police urged all negroes to go to their homes after rescuing one from a down town crowd and seeing others shot at, and it appeared that a race riot, which police feared, had been averted.

The killing followed the entry into the pool room on Broadway of Deputy Byrd, accompanied by Deputies Romus Raley and Will Jakes, the latter a negro, in search of a negro criminal, Glover, who police said they knew well, was accused of having shot Byrd in the back. Firing became general and when the smoke cleared away Byrd was dying and three negroes were wounded. A number of arrests were made in the pool room and search was begun that led to the Ocmulgee River bottoms. Later police and deputies went through the negro sections looking for Glover, who had escaped from the pool room by leaping through a window.

The pool room was on a block of Broadway occupied almost entirely by negro business places and lodging houses and they were closed up by police orders and all negroes forbidden to show themselves in the block as a matter of precaution. Deputy Byrd, who stood six feet, five inches, had the reputation of being one of the most fearless men on the sheriff's force, and had been given credit for solving the mysterious murder last Christmas of A. L. Allgood, a motorman-conductor, who was killed and robbed.

One of the crowd asked the men if they were at present working at the Western shops. One man stated that he replied in the affirmative, and his questioner, he says, drew a gun on him. He was then struck over the head with a piece of lead pipe, the blow knocking him down. His companion received the same treatment, the blow being administered with a club with a heavy knot. The weapons were found by investigating officers after the report of the occurrence.

New Fire Alarm Has Been Installed

Elba's new electric fire siren has been received and has been installed on the tower erected on the property next to the city jail. On Saturday a part of the wiring was connected and it was given a try out. Judging from the noise it made on Saturday, no doubt the heaviest sleepers will be awakened should a fire break out at night. The wiring has not all been completed, but when this is done the alarm will be operated from the telephone exchange.

Fleming Logical Man For Judge of Probate

Despite the fact that much propaganda is being spread over the county to prejudice the people and influence them in their vote on next Tuesday, friends of R. O. Fleming feel confident that he will win in the race for Probate Judge. There are numerous schemes on foot to divert the minds of the people from the real facts and issues in the campaign, but we believe when the people consider the facts and go to the polls on next Tuesday, to cast their ballots they will do so without prejudice and with the best interest of the county at heart. Consider carefully the following points in his platform:

First. He favors operating Coffee County on a cash basis, thus saving the county 20 to 50 per cent on expenditures for work and material, meaning a saving in six years of probably fifty to sixty thousand dollars. Second. He is recognized as being one of the most progressive men in the State of Alabama, in spite of the fact that he was born and reared in Coffee County. Third. He is not one-sided. He stands for the people and the county as a whole, and not for a few, and he has backbone enough to do what he thinks is the square thing regardless of who it suits. Fourth. His chief ambition is

to construct within the borders of Old Coffee County a great system of Federal Aid Roadways going right into the heart of every beat. (Without cost to the people.)

Read a letter from W. S. Keller, State Highway Engineer: "Montgomery, Ala., July 24th, 1922. Mr. John McCollough, New Brockton, Ala. My Dear Sir: "Without any sense of desiring to interfere in politics especially outside of my own county, I wish to make this statement in behalf of Mr. R. O. Fleming.

Mr. Fleming has been one of the most active County Commissioners with whom I have come in contact for several years. He has made repeated visits here in the interest of Good Roads for Coffee county. He seems at all times to be very enthusiastic for the betterment of his county. I feel sure that if in your judgement you should feel disposed to elect him Probate Judge of Coffee County that you will in no sense have cause to regret it. Fleming's election means a great system of Federal Aid roads for your county, and would regret the progress being hampered in any manner.

State Highway Engineer.

**Montgomery Shopmen
Are Given Thrashing**

Montgomery, Ala., July 29.—Montgomery was treated to a first strike outbreak Friday night when two men working in the Western shops were set upon and beaten by eight men, alleged to be strikers, in front of the Seaboard freight house. The men were on their way to the Western shops when attacked. Both were strangers in Montgomery having come here to work following the strike.

The police were immediately called to the scene. It is stated that while picketing has been going on in Montgomery for some time, it has been mostly of the non-violent type, but officials of the road think they say, that the duration of the strike has incensed the men who are out and that the first act of violence may result in a serious situation. The attack occurred about 11 p. m. The two men, who were on their way from picture show in town, had gotten to the corner of the Seaboard freight house when eight men came up to them and surrounded them. One of the crowd asked the men if they were at present working at the Western shops. One man stated that he replied in the affirmative, and his questioner, he says, drew a gun on him. He was then struck over the head with a piece of lead pipe, the blow knocking him down. His companion received the same treatment, the blow being administered with a club with a heavy knot. The weapons were found by investigating officers after the report of the occurrence.

Attorney General Says He Has Not Ruled On Appointing of Officers

A great deal is being said about whether the Appointing Board acted within the limits of its authority in appointing the election officers. The question is not one of such great importance, as the officers appointed by the appointing board will hold the election, and the question can be threshed out in the court. In referring to the question in our last issue we mentioned a pulling of the Attorney General as to the right of the Executive Committee to nominate the election officers. We have been advised by the Attorney General that he never in fact ruled upon the question one way or another, and that he had no authority to rule on the question, and so we gladly give space to give expression to the statement of the Attorney General.

It is a fact, however, that an Assistant Attorney General has given his unofficial opinion that the law gives the right to an Executive Committee to select officers, only where there are two or more political parties participating in said primary election. To us this seems to be very clear from reading the statute which the law gives the right to the people of the county who may be interested in the matter, we give below all that part of section 12, General Acts 1919, page 970, which relates to the subject, and not just a part of the section:

"Section 12. Officers for each election district, precinct or ward in all primary elections held under the provisions of this act shall be of the same number and designation as required by law to hold regular state elections, and their duties and responsibilities shall be the same as those legally appointed and legally qualified like officers at regular state elections; and they shall be appointed in the manner below provided: If more than one political party enters such primary, the appointing board shall see that each such political party has fair representation among the officers named. Wherever two political parties enter the primary, the appointing board shall see that the representation of each party in the matter of officers of election is equally divided in number, so that each party shall have three election officers amongst those named to conduct the primary, and each party shall have amongst them at least one clerk. If demanded by the chairman of the county committee of either party, lots shall be cast to determine which party shall have the returning officer. Each candidate for nomination may, at least twenty-five days before the primary present to the county executive committee his party a list of election officers desired by him for any one or more of the districts, wards or precincts; and this county committee shall so far as practicable make up, from the list so presented to it a list of names of election officers, six in number, for each district, ward or precinct, which it will nominate to the appointing board of the county for appointment as officers to conduct the primary election and the county committee shall present the list so made up by it to the appointing board of the county which appoints the election officers to conduct elections for state and county officers in November or at any other lawful time, which appointing board from the list so presented to it by the county committee, shall select and appoint the officers to conduct the primary election, observing the above rule as to representation wherever more than one party

ON THE GULF

Is ideal for Summer with its large shade trees, and its high elevation right on the Gulf—200 feet from Hotel to Gulf—finest bathing in the world. Board walks from hotel to beach. Located at East end of large Inlet, and near fresh water streams makes it a fisherman's Paradise.

At Seagrove you are right at the Beach, you don't have to wait for a boat or hurry back to supper when the bathing is best.

There is no other place on the Gulf like it. Those who do not desire hotel accommodations will find good camping grounds free.

Many New Homes Being Built in Elba

Elba is now in the midst of a home building boom, a number of new residences, being in course of construction, and too many other residences are being remodeled and repaired. Work is progressing rapidly on the new home of Mr. and Mrs. J. M. Bonneau, which is located on the lot just north of the home of Mr. W. W. Ham. Good progress is also being made on the home of Dr. and Mrs. A. J. Mills. This home is being built on a lot where the home of Dr. R. D. Johnson was burned some months ago. The home of Mr. and Mrs. Elwood Taylor is nearing completion. This home is on Buford street next to the home of Mr. J. W. English.

The Baptist Pastorial recently remodeled and repaired is practically finished, work of painting having almost been completed. The house now makes a very attractive appearance.

Mr. W. J. Bullard's home in the northern part of town has also undergone some repairs. A spacious front porch has been added and other changes made, which gives the house an attractive appearance.

The new home of Mr. and Mrs. O. S. Rainer, in front of the home of Mr. W. W. Ham, is now about completed and will be ready for occupancy soon. This is one of the most attractive homes to be built in Elba.

Quite a number of other homes in Elba have been repainted and repaired within the past few weeks, and a general "paint-up" campaign seems to be on also.

**Serious Cutting Affray
Occurs Near Geneva**

Geneva, Ala., July 31.—A serious cutting affray occurred Sunday afternoon on the Geneva Mill Company's trestle, on the river between two brothers named Burch. Witnesses say that they had a full jar of rum and a negro passed and one of the brothers wanted to give the negro a drink, the other one objected, an argument ensued which resulted in one striking the other with a stick, whereupon he got his knife and inflicted three wounds, one a stab in the left side, and a gash four to five inches long in the left side and one in the arm. The one who did the cutting is in jail.

**FIRE IS STARTED BY
ECLIPSION OF STILL**

Birmingham, Ala., Aug. 2.—A. H. Johnson, of Germania Park, is being sought by police today following the destruction of his home by fire, which police and firemen say, started from a whiskey still. Firemen say they found the still located under the blazing stairs, where two barrels of mash also were located.

**TWO CHILDREN INJURED
BY RECKLESS DRIVER.**

Jacksonville, Fla., Aug. 2.—Two children are in a hospital here, seriously injured. Harold Atkinson, sixteen years of age, the driver of the speeding automobile which struck Tommie Coleman, four years old, is being held without bond. Clinton Mosley, eleven year old boy, was crushed by a truck, and the police are seeking its driver, who did not stop.

MICKIE SAYS

FROM LIBERTY.

Editor Clipper:—
Just a few lines as to the crops in this section. Our crops are spotted, some are very good and some are not at all good. The early cotton is always the case, is much better than the late cotton. Some say late cotton saves a working. I kinder doubt that, but it will always save two pickings. The weather conditions are bad just now, as we need rain. The hot sun is causing the cotton to open before it is matured and will cause a lot of shedding.

Corn is very good, of course a good rain would help very much. Sugar cane is very good. Potatoes seem to be good. Well, as for politics, I do not know which is the worse now, politics or cattle ticks. I just want to say that I have been in coffee county for nineteen years, but many people do not know it. I will tell you here I stand for law and order and I always vote. I am a Democrat from head to foot and I am for the clean man, the man who will stand for right. Every voter should try to find out the best man and vote for him.

Captain Folmar Killed Accidentally in Okla.

Montgomery, July 21.—Captain Toke R. Folmar, about 42 years of age, formerly of Luverne, was accidentally killed at his home in Oklahoma City, Okla., Sunday afternoon, relatives in Montgomery were notified Sunday night. His death resulted from the accidental discharge of his pistol when it fell from his pocket.

Captain Folmar was a son of Mr. and Mrs. George A. Folmar, who recently moved to Oklahoma from Luverne, and is grandson of the late Jas. Folmar of Troy.

He served in the Spanish-American War, on the Mexican border, and over seas during the World War. He was captain-adjutant of the 106th Ammunition Train, 31st Division, over seas, and remained in service with the American forces in France until the cessation of hostilities.

Captain Folmar was in government service since the war and for some time was attached to the United States marshal's office at Montgomery. He moved to Oklahoma City recently. Captain Folmar had just a military arrest.

TO THE PEOPLE OF COFFEE COUNTY.

I want to announce to the voters of Coffee County that I am a candidate for member of County School Board of Coffee County, solicited by my friends of Brookton. At first I declined to offer my services but owing to the fact that my own neighbors and citizens of my own town as well as others over the county present the necessity of my former views on a more economical administration of the peoples funds, a more judicious system of school management, I therefore responded to the call of my conscience and my friends and if elected to the office will serve all alike to the best of my ability.

Mistaken For Burglar Child's Head Shot Off

Tylertown, Miss., July 27.—Burford Thompson, farmer residing at Darbus, Miss., thirteen miles north of this place, last night mistaking his four year old boy for a burglar shot and killed him with a shot gun. The child was sleeping on a small bed next to the one occupied by his father and during the night his head became wedged between the iron railing of the bed. The boy awoke screaming. His father tried to reach over and draw the child to him but could not do so on account of the youngster's head being fastened between the railing.

Thinking that some one was holding the child, he crept around the head of the bed and fired and shot the child where he thought the child was lying. The charge blew off the head, parts of it being found in an adjoining room.

STRENGTH OF THE FARMERS.

Agriculture is the greatest industry in the United States. It furnishes practically all the food that is placed on the millions of dining tables of America, and furnishes material for the greater part of the clothing worn by the people of this country. It also furnishes the greater part of the exports from the United States. One half of the gross earnings of the railroads of this country

is made on farm products transported. The farmers are beginning to wake up; they are beginning to realize that they form an important factor in the business life of big industrial America. They are just beginning to feel their strength.

COOPER RUNS ON RECORD! EXPOSES KILBY OPPOSITION

time for the duties of this office than I was at either time that was a candidate before. My experience, service and record justify your approval and I should be re-elected.

That I have acted intelligently and properly and have performed my duties in accordance with the facts of each case that has come before the commission, I call your attention to the fact that out of 24 cases decided since the Commission was organized as it now stands, my associates have agreed with me in 24 of those cases. In three of those cases one member of the Commission disagreed and one agreed with me.

The fact is that I should not and would not have had opposition to my candidacy and you would not be invited to support some other candidate from any source but for the fact that I have incurred the hostility of Governor Kilby and on account of that he has induced candidates to oppose me. The reason for Governor Kilby's opposition to me is not far to seek. I have never supported any of his aspirations for public office. I did not support him when he was a candidate for Lieutenant Governor, nor when he was a candidate for Governor and have no aspirations to make at this time for not having voted for him; nor did I aid, as some of my opponents did, the passage of those bills which he forced through the Legislature and under which the burdened tax payers of this State are now groaning.

Will you permit yourself to be dictated to and join in punishing a faithful public servant for not aiding the gratification of the governor's political ambitions, or will you consent your own interests and keep in your own service a man who has given ample proof of his official capacity and of his devotion to your interests.

Highway Department Makes Good Record

Montgomery, July 31.—With the awarding of contracts totaling nearly a million dollars, July proved to be the banner month for good roads work in Wilcox county. The first road contract to be let after the election of January 30th was awarded on March 21st, for work in Wilcox county; since then 27 projects have been definitely contracted for at a total cost of three and a quarter million dollars, with an average of \$120,000 for each piece of construction. At this surprising rate of speed it would require but eleven months to have at least one project under way in each county. This, it has been said, is the best answer to any criticism that might be made of the Highway Department. It is pointed out, however, that with the present limited force in the department, and working under high pressure as it has been for four months, it will be difficult to continue this remarkable record. With a comparatively small force, and cramped quarters, it is stated, the Highway Department is handicapped in a manner not warranted by the amount of funds to be expended in the building of a network of permanent highways.

The State Highway Commission, at a large part of the session was given over to hearing the claims of delegations from numerous counties. To these, the Commission stated that it was making every effort to get one piece of road work under way in each county, and that while each project was authorized on its merits with a definite building program in mind, there would be no cessation of activities until the last of the year. The Commission is exhausted, and while some counties must necessarily be among the last to be reached, they were assured against favoritism in that the act provided the minimum amount of money which must be spent in each.

A suggestion that the Commission first construct a system of graded roads only, throughout the state, to be finished with gravel or paving at a later date, was received but little consideration; such a program it was thought, would neither meet the approval or requirements of the Federal Government.

A spirited fight led by Commissioner Cramton resulted in the authorization of a road through Crenshaw county to cost approximately \$400,000, the largest project yet to be allotted to a south Alabama county. The report of State Highway Engineer Keller showed 178 miles of roadway actually under construction, and three projects completed for the quarter ending June 30th, 1922.

Elias D. Bryant Died Last Week

Mr. Elias D. Bryant, one of Northwest Coffee's best known citizens and one of the county's substantial farmers, died at his home in Beat 3, on Tuesday July 25th at 11 o'clock.

Mr. Bryant up until Monday night was in his usual good health and ate a hearty supper Monday night. Before leaving the table he was stricken with paralysis, and members of the family had to help him to his room. He grew worse rapidly and the end came on the following day.

Mr. Bryant was about 63 years of age, and had been a member of one of the county's most influential families, and his loss will be keenly felt through out his section.

He is survived by his wife and the following children: Mrs. Leila Wise and Mrs. Anna Tisdale and Messrs. Willie, Lanier, Arcus and Roccus Bryant, besides a number of other relatives. The burial occurred on Wednesday at Beavertown Church, Elder B. J. Wilson, performing the services. Friends throughout the county join in extending our deepest sympathy to the bereaved family.

MR. COTTER GOES TO SAMSON TO LIVE.

Mr. W. J. Cotter, who has made his home here for the past few years, left yesterday for Samson where he will make his home in the future. He will engage in the mercantile business, having bought an interest in a store there.

His family will remain at Elba until about the first of September. During their stay at Elba, Mr. Cotter and his family have made many warm friends who regret to give them up, but join in wishing them much happiness and prosperity in their new home.

Mrs. Lawrence Ward and children, of Opp, spent several days here the first of the week with Mrs. A. D. Donaldson.

Mr. and Mrs. W. C. Duke and daughter, Hazel, have returned to their home in Moultrie, Ga., after a very pleasant visit to relatives in Elba.

SENDS US FINE MELON.

Mr. W. F. Pinckard, who lives in the Wise Mill community, sent to The Clipper last Saturday one of the finest watermelons we have seen this season. The melon, besides being a large one was one of the best we have eaten. Mr. Pinckard has our thanks for the remembrance.

TO THE VOTERS OF COFFEE COUNTY.

I have not been able to canvass my own county, owing to the size of the Circuit, but I will appreciate the vote of my home folks, and assure you that I will make a faithful officer, if elected. I will appreciate your expression of confidence at the election more than the office to which I aspire. No citizen of our county has ever been honored with this office.

Sincerely yours,

ELBA, ALABAMA, THURSDAY, AUGUST 10TH, 1922.

NUMBER 8.

Brandon and McDowell Sweep State

Carnley, Sessions, Clark, Watkins, Donaldson and Taylor Get County Offices. Foster and Jones Re-elected. Hudgens is Senator

Brandon Loses Only One Beat in Coffee; Foster, Jones and Hudgens Carry County.

CARNLEY, SESSIONS, DONALDSON AND TAYLOR EASY WINNERS; BROCK AND CLARK RUN CLOSE RACE; STEPHENS AND WATKINS ALSO RUN CLOSE.

The largest vote ever recorded in the county was polled in Tuesday's primary. According to the official count of the votes made today, (Thursday) by the Democratic Executive Committee, all three counties in Coffee have carried. Heavy voting is also recorded from all over the state.

Although complete returns have not been received in the Governor's race, reports indicate that Judge Brandon and his running mate, Charles S. McDowell, have carried the state practically solid in Tuesday's primary. In Coffee Bibb Graves carried only one beat, that being Beat No. 23, below Elba.

In the race for the county offices, J. A. Carnley has won for Probate Judge by an overwhelming majority. H. M. Sessions for Representative has also been nominated, his majority being very large. For Member of the County Board of Education, J. C. Donaldson and Jack T. Taylor are easy winners.

The race for Clerk of Circuit Court, between Brock and Clark, was a close one, Clark leading with a majority of 368 votes.

In the race for Sheriff W. H. Watkins has won out with a majority of only 63 first choice votes over D. J. Stephens the next highest candidate. With first and second choice votes, Watkins has a majority of 155.

In the race for Circuit Judge Foster has been reelected, carrying Coffee and Covington counties by good majorities. In Coffee Judge Foster has a majority of 1527. Parks carried Pike county, but only received a total of 940 votes in Coffee.

R. H. Jones for Solicitor has also been re-elected by an overwhelming majority, over C. W. Simmons, having carried all three counties. In Coffee his majority is 202, and in Covington and Pike his votes will run high.

For State Senator from this district Shorter C. Hudgens is an easy winner over McLendon and Smith. Hudgens has a majority in Coffee of nearly 900, and has also carried Pike by a large majority.

On this page we are giving our readers a tabulated statement of votes on the offices in which most interest was centered. This table gives first choice votes only. The total second choice votes is added at the bottom of the table.

In another column will also be found a list of all other candidates and the number of votes each received in the county. Getting up the returns is quite a big job. And too, on account of it taking so long to canvass the returns, we are a day late in getting out this issue of The Clipper, but we feel sure our readers will appreciate the complete returns from the election, and this is the only way in which we could get it.

Mr. and Mrs. C. R. Davis and children, of Flat Top, Ala., spent a few days here the first of the week guests of Mr. and Mrs. J. C. Davis and other relatives.

Mrs. M. C. Rowe, of Dothan, is spending a few days with relatives here.

First Cotton Received By Cotton Association

Montgomery, Ala., Aug. 7.—The Alabama Farm Bureau Cotton Association is now actively engaged in the marketing of cotton. The first lot consisting of 34 bales was received from R. P. Williams of Coffee Springs in Geneva county. It was from the 1921 crop but was immediately warped and a loan made to Mr. Williams amounting to approximately 60 per cent of its market value. Because of its being the first cotton received a special acknowledgment was sent to Mr. Williams.

At the last meeting of the board of directors of this association Allen Northington, general manager, reported that loans amounting to \$6,000,000 have been easily secured. Three million dollars or one-half of this amount is from the War Finance Corporation, \$1,000,000 from a New Orleans bank, and the remainder from banks in Montgomery, Birmingham, and other Alabama cities. It is thought that much of this money will not be needed.

To provide every protection on the cotton which it handles the Association has made an insurance arrangement whereby every bale will be protected from the time it is delivered to the railroad station or to a warehouse by the grower until it leaves the hands of the Association even though it may be sold in England, France, Italy, or any other point in the world. It is thought to be the largest insurance deal ever closed in Alabama. According to Mr. Northington it provides unlimited protection.

Mrs. J. P. Wise, of Opp, was the guest of friends here Tuesday.

Mr. Carnley Issues Card to the People

To the people of Coffee county: I am profoundly grateful for the expression given at the polls in Tuesday's Primary. It was a wonderful victory, and the people are entitled to the credit for it. I am not unmindful of the stupendous responsibility which comes to me as I shall come to the task of conducting the affairs of the county as Probate Judge, and I will consecrate my every ability to bring to all the people a clean, honest and efficient government. I will ask, and I know I shall receive the loyal support and hearty co-operation of our friends and of all good citizens of Coffee.

Some have fought hard against me. To these let me say in the words of Lincoln: "With malice toward none; with charity for all; with firmness in the right, as God gives me to see the right, let us strive on to hold up the highest standards in Church and State. We have fought no one; we have fought for all. With a heart full of gratitude, I am sincerely,
J. A. CARNLEY.

SOUTH SIDE SQUARE. ELBA, ALABAMA.

The average person is timid about starting a bank account with a small sum of money... They carry their money about with them, and having it with them they are continually making irrevocable on it.

But if an account is started there is an incentive to add to it, and not having the ready cash in pocket, the inclination to buy articles without consideration is curbed.

As a result, in a short time the first \$100 is accumulated in the bank—and from that time on the pleasure of adding to it is intensified.
